

INOTEC GmbH

We make your construction site easier!

INOTEC Company Presentation

**We make your
construction site
easier!**

INOTEC GmbH

We make your construction site easier!

Basic Datas

- Foundation: 1994
- Employees: 80

INOTEC GmbH - Daimlerstraße 9-11 – DE-79761 Waldshut-Tiengen

INOTEC GmbH

We make your construction site easier!

Basic Datas

Sales

- **Germany:**
16 Sales-/Service-Center
- **Europe:**
Sales- and Service-Partners
in various European countries

INOTEC GmbH

We make your construction site easier!

Business Segments

INOTEC GmbH

We make your construction site easier!

Geschäftsfelder

Sales

- Direct sales
- Export
- Two-stage sales
- Industrial customers
- ...

Rental machinery

Rental machinery

- Rental machinery at 10 locations

Service

- Maintenance
- Construction site applications
- DGUV V3 testing
- Silo maintenance
- Spare parts procurement

INOTEC GmbH

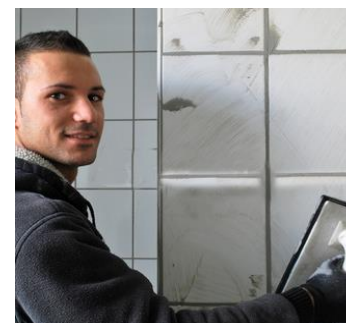

We make your construction site easier!

INOTEC GmbH

We make your construction site easier!

Market Segments

Painters, plasterers, tiles, plates, mosaik, ground, screed, parquet, space outfitters, renovators, prefabricated houses, facade builder, drywall builders, building contractors, fire protection, mason, concrete builder, roofers, fountain and chimney, industrial customers

INOTEC GmbH

We make your construction site easier!

Product range

INOTEC GmbH

We make your construction site easier!

Product range

- Delivery pumps
- Mixing pumps
- Mixers Machine technology for one-way containers
- Silo & machine engineering
- One-handed guns
- Cutters
- Special grinders
- Airless devices
- Waste water systems
- Floor processing machinery
- Compressed air / power tools

Product range

Machines for One-Way-Container solutions

Machines for One-Way-Container solutions

Operational in 7 steps

1 Remove protective cap and attach camlock coupling.

2 Insert dry delivery shaft into one-way container.

3 Fix end of dry delivery shaft onto continuous mixer.

4 Dock continuous mixer onto OWC camlock coupling and tighten.

5 Connect water and electricity (230 V).

6 Completely remove the ripcord to start the material supply.

7 Strap the vibrating unit to the opposite side of the mixer using the lashing strap.
